Study areas

English Language and Pathway Programs

QUT International College (QUTIC) offers English language, university diploma, foundation and pathway programs to prepare international students for entry into Australian university degree programs. Visit www.qutic.qut.edu.au

Business

QUT Business School is Australia's first business school to earn all three symbols of excellence from the world's leading accrediting bodies – US-based AACSB International, European-based EQUIS and UK-based Association of MBAs (AMBA). This international recognition, along with established links with the business community and a reputation for producing highly employable graduates, has made QUT Business School one of the most respected business schools in Australia.

Areas of study:

- Accountancy
- Advertising
- Economics
- Finance
- Human Resource Management
- International Business
- Management
- Marketing
- Public Relations

Business students studying finance use live, real-world financial data to value companies and commodities in our on-campus Securities Dealing Room.

Creative Industries

The faculty is located within the Creative Industries Precinct – home to facilities where staff and students collaborate with industry in state-of-the-art performance spaces, production studios, editing suites and design studios.

Areas of study:

- Animation
- Architecture
- Creative Writing
- Dance
- Drama
- Entertainment Industries
- Fashion
- Film, TV and New Media Production
- Industrial Design
- Interactive Visual Design
- Interior Design
- Journalism
- Landscape Architecture
- Media Communication
- Music
- Technical Production
- Visual Arts

Creative industries students in film, TV and new media work on broadcast-quality equipment, and may have their work showcased to the industry at public screenings. Music students undertake final-year performances in real venues in Brisbane's live music scene.

Education

QUT is one of Australia's largest and most highly respected education study providers. Field experiences are an essential part of education units at QUT, and working in classrooms alongside practising educators allows students to implement their learning techniques and gain real experience.

Areas of study:

- Early Childhood
- Field Studies
- Primary
- Secondary

Our education students experience five months of practical teaching in a school or early childhood centre by the time they graduate. Students also work closely with schools, designing websites, or helping at school camps and sports days.

Health

QUT's Faculty of Health offers a stimulating learning environment and courses that focus on improving the health of communities both locally and globally. QUT's Health Clinics, located on campus, offer training with accredited clinicians using industry-quality equipment in areas such as optometry, podiatry, psychology, counselling and wound healing. Nursing students also have access to world-class laboratories and clinical practice facilities in the Clinical Simulation Learning Centre.

Areas of study:

- Human Movement Studies
- Medical Sciences
- Nursing and Midwifery
- Optometry
- Psychology and Counselling
- Public Health
- Social Work and Human Services

As part of QUT's back-to-school checks at QUT Health Clinics, podiatry students conduct free foot screenings for children and identify potential problems under the direction of practising podiatrists.

Law

QUT's Faculty of Law is one of Australia's largest law faculties, recognised for its focus on advancing the law and justice professions, as well as its specialised academic expertise and research. Students benefit from award-winning, custom-designed software and online study facilities including podcasts, cyber-tutorials, online quizzes and chat rooms.

Areas of study:

- Law
- Justice

Law and justice students compete in moot programs, in which they prepare arguments and present in our state-of-the-art Electronic Moot Court, one of Australia's most advanced electronic courtrooms.

Science and Engineering

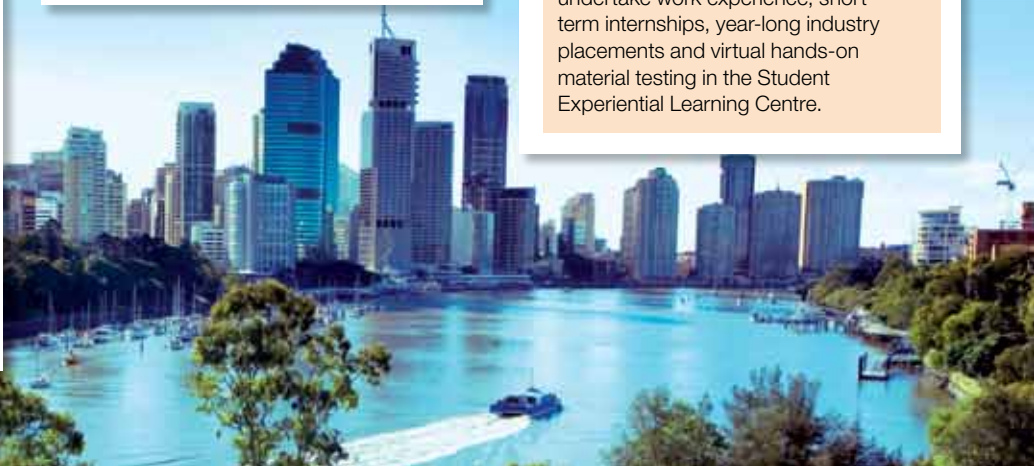

QUT's Science and Engineering Faculty delivers a range of programs across information technology, built environment and science. It has strong links with global companies including BMW, Microsoft, SAP and Oracle.

The faculty is based in the new \$230 million Science and Engineering Centre, featuring state-of-the-art laboratories, modern teaching facilities and social learning spaces.

Areas of study:

- Aerospace Avionics
- Cell and Molecular Biosciences
- Chemistry
- Civil Engineering and Construction Management
- Computer Science
- Electrical Engineering
- Information Systems
- Information Technology
- Mathematical Sciences
- Mechanical Engineering
- Pharmacy
- Physics
- Property Economics
- Urban and Regional Planning

Science and engineering students can undertake work experience, short-term internships, year-long industry placements and virtual hands-on material testing in the Student Experiential Learning Centre.

Research

QUT is the fastest growing research university in Australia.

The university has a ranking of “world standard or above” in more than 75% of its research, as assessed under the Australian Government’s Excellence in Research for Australia assessment framework (2010).

Top-performing research areas include:

- Communication and media
- Physical chemistry
- Nursing
- Information systems
- Education
- Mathematics
- Public and allied health
- Applied economics

QUT’s new \$230 million Science and Engineering Centre and Community Hub on the Gardens Point campus is home to the university’s newest research institute focusing on research themes around the science, technology, engineering and mathematics (STEM) disciplines.

Brisbane – the perfect place to live and learn

QUT is located in Brisbane, the capital city of Queensland. Brisbane is renowned for fabulous year-round weather and a great outdoor lifestyle. The city is home to people from many cultures and boasts a thriving art, cultural and dining scene.

Brisbane is also a perfect stepping stone to the wonders of Queensland and is only an hour away from South-East Queensland’s beaches, bays and beautiful hinterland.

Visit www.studybrisbane.com.au

Career and employment advice

QUT’s career and employment service provides students with free career planning, resumé writing advice, and employment assistance. The service also includes a dedicated international careers counsellor, employer presentations, and international work placement and career mentor schemes.

Visit www.careers.qut.edu.au

Student support

From your first day at QUT through to graduation, you will be supported by a range of services offered by our International Student Services (ISS) team, including pre-departure, university orientation, airport reception, language and learning advice, and recreational activities.

Visit www.student.qut.edu.au/international

Accommodation

Brisbane offers a wide range of accommodation options including homestay, student hostels, student apartment complexes, boarding houses, private apartments and houses.

The Accommodation Services team can help you arrange temporary accommodation before you arrive, as well as help you liaise with landlords and real estate agents in finding permanent accommodation once you are here.

Visit www.qut.edu.au/accommodation

Living costs

Brisbane is an affordable city but you still need to plan and budget carefully. Excluding tuition fees, you will typically need AUD\$18,000 a year to live comfortably. Below is an example of a person’s establishment costs and ongoing weekly expenses based on a two-bedroom unit, which is the most popular accommodation for international students at QUT.

Establishment costs for your first week

Temporary accommodation	\$1700 to \$2000
Bond and rent for permanent accommodation	
Connection to telephone, electricity and gas, internet plan	
Basic furniture and homewares	
Food and transport	

Ongoing weekly expenses

Rent	\$350 to \$400
Food	
Transport	
Electricity, internet and telephone bills	
Photocopying and stationery	
Entertainment	

All prices are to be used as a guide only and are accurate as at September 2012.

Santiago Saavedra

Bachelor of Business (Public Relations) Colombia

‘Studying Public Relations at QUT has helped me gain a deeper insight into the current industry and its many demands. Many of the teaching staff are working with the most reputable firms, and it’s great that our projects and assignments are for real clients and address real issues and opportunities. Brisbane is a very vibrant city and the atmosphere on campus is really friendly. From the first day I arrived I felt safe and met many people willing to help me settle in and adapt to the new study environment.’

Gardens Point campus

Gardens Point campus is the only inner-city campus in the Brisbane central business district, situated next to the beautiful Botanic Gardens and the Brisbane River. The location reinforces QUT's close links with business and industry. Public transport, accommodation, shopping and dining options are all within walking distance.

Study areas at Gardens Point:

- Building and planning
- Business
- Information technology
- Law and justice
- Science and engineering

Kelvin Grove campus

Kelvin Grove campus is an award-winning urban development, located only two kilometres north of the Brisbane city centre. Students can easily walk to the city or university, and benefit from purpose-built student accommodation and a range of facilities including a supermarket, shops and restaurants all within a convenient and safe village atmosphere.

Study areas at Kelvin Grove:

- Creative industries
- Education
- Health
- QUT International College (English language and pathway programs)

Facilities

Facilities vary on each campus and include:

- Art studios and theatres
- Bookshops
- Cafés
- Child care
- Free campus shuttle bus between campuses
- Student centres, counselling and health services
- Wireless internet zones
- 24-hour computing labs
- Libraries
- Automatic teller machines (ATMs)
- Licensed Student Guild bars
- Fitness centres and sporting facilities
- Prayer rooms/chapel
